6. Declaration and Signature

- (1) The electrical generating system described above and in any attached documents meets the terms and conditions of the Energy Commission's NSHP, and has been installed as of the date stated below.
- (2) The electrical generating system described above and in any attached documents is properly interconnected to the utility distribution grid and has been issued utility approval to operate the system as interconnected to the distribution grid, or will receive utility approval to operate the system as interconnected to the distribution grid no later than 3 months or 90 calendar days, whichever is later, after the reservation expiration date.
- (3) The rated electrical output of the generating system, the physical location of the system, and the equipment identified were installed as stated above in Sections 1-4.
- (4) Except as noted above, there were no changes in the information previously submitted for this system.

The undersigned party further acknowledges that he or she is aware of the requirements and conditions of receiving funding under the NSHP, including the special reporting and repayment requirements for leased systems and systems providing electricity under a power purchase agreement, and agree to comply with all such requirements and conditions as provided in the Energy Commission's *NSHP Guidebook, Eleventh Edition*, and the *Building Energy Efficiency Standards (Title 24, Part 6)* as a condition to receiving funding under the NSHP. If the system is leased or provides electricity through a power purchase agreement (PPA), an annual status report on the operation of the solar energy system must be submitted by the lessor or owner of the solar energy system. If the lease agreement or PPA is terminated and the system is removed from the building upon which it was originally installed within ten years of the system's installation or the start date of the agreement, whichever is later, the lessor or system owner is responsible for the funding repayment. As specified in the NSHP Guidebook, the undersigned applicant authorizes the Energy Commission during the term of the NSHP to exchange information on this form with the electric utility servicing the system in order to verify compliance with the NSHP requirements.
